Assembly of Kosovo

INTRODUCTION

The Independent Commission for Mines and Minerals based on the power and legal responsibilities respectively of the Law on Mines and Minerals Article 57 paragraph 1 has prepared the Report on the duties performed during 2019 for the Assembly of the Republic of Kosovo, the report contains:

- an analyse of the condition of the mining industry in Kosovo; and
- a summary of all regulatory, investigative and enforcement measures taken by the ICMM during 2019; provided however, that such report shall not include any reference to an on-going investigation to the extent such reference would jeopardize legitimate secrecy concerns with respect to such investigation.

The overall purpose of the LMM respectively of the ICMM as implementer of law is to promote the environmentally acceptable exploration, extraction and processing of minerals by regulating and monitoring persons engaged in the mining industry, to facilitate and sustain greater private sector participation and competition in the mining industry, to maximize the exploration and mining of minerals, and to regulate the collection, management and archiving of geoscientific data for the economic development for the benefit of Republic of Kosovo. This report presents summarily the work performed based on these goals within 2019.

Work report contains the work and activity in the area of geology - exploration, mining - exploitation, processing and enrichment, results achieved during the year, the problems and challenges faced by this regulator during its work, and the objectives set for future.

Except the above-mentioned things, the ICMM's work report for 2019 aims to include within itself as well the works performed based on the recommendations set by evaluation of the ICMM's preliminary report by the Committee on Economic Development, Infrastructure, Trade and Industry of the Parliament of the Republic of Kosovo, which they were very significant regarding the improvement of the investment climate in this sector by improving the legal structure and harmonizing the inter-institutional legal collisions, encouragement and coordination with all other state institutions to prevent and stop the informal economy, raise the analysis level related to the achievements and challenges for regulation of this sector and its sustainable development.

This report is organized based on standards formulated for reporting to the Assembly of the Republic of Kosovo and it has the following content:

The executive summary, which describes the whole report and gives a general overview of the Institution's work;

Legal basis, in which it is listed all the legal basis regulating the functionality of the institution, as well as legal difficulties in implementation of its responsibilities;

Description of the Institution, which contains among other things mission, vision, scope and competencies of the ICMM foreseen by the Law on Mines and Minerals, as well it describes organizations with main responsibility for the ICMM's work;

Institutional organization, is the part where there are presented forms and ways of internal organization, particularly it contains information about the Board, Executive and staff of the ICMM in general.

Description of the ICMM's scope, with special importance, comparison of the implementation of the plans, actions undertaken and the challenges outlined and planned for the future.

Work during the previous year, there are focused the specific works executed during 2019, and how much the goals foreseen in the previous year have been achieved.

Financial Report, there are presented budget and expenditures for 2019, disclosed with details by expenditures and revenues according to certain categories and activities;

Reporting on the comments from the National Audit Office, where the comments of the NAO and their addressing by the management of ICMM on the previous audit report are presented; and

Annexes, is the last part that contains additional data presented in various forms, adapted to the nature and access of the information or the data.

It shall be noted that as well during 2019, the Independent Commission for Mines and Minerals has made a maximum commitment to fight informal economy that for years are creating great problems for this institution, to those who operate legally, the environment and in particular to the budget of Kosovo.

Also it is worth emphasising that we had intensified the cooperation with Kosovo Police during 2019, by inspecting the whole territory of the Republic of Kosovo by preventing 194 illegal operators where the tapes were put to them and their activities were prohibited. Whereas regarding the cooperation with judicial institutions, the results are still significant in terms of efficiency and effectiveness of the proceedings on matters referred by the ICMM. The application process of execution procedures to collect the outstanding debts from the category of administrative fines has continued even this year, Independent Commission for Mines and Minerals has organized two meetings during 2019 with the enterprises licensed in the ICMM about implementation of the Law on Mines and Minerals, Administrative Instructions, Regulations and other sub-normative acts regulating mining activity in the Republic of Kosovo, support of the mining enterprises to increase production, environmental and social care and increasing the revenues for state and citizens.

The Independent Commission for Mines and Minerals will continue with even more increased intensity during 2020, to support in every aspect all those enterprises and physical persons who deals or pretend to deal with the mining industry, and at the same time it will prohibit, advice and improve all those that are in contradiction with the applicable Law and regulations for the mining sector.

1. EXECUTIVE SUMMARY

1.1. Establishment

The Independent Commission for Mines and Minerals - ICMM is an independent agency determined by the Constitution of the Republic of Kosovo. The ICMM shall regulate mining activities in Kosovo in accordance with the Law No. 03/L-163 on Mines and Minerals, amended and supplemented by the Law No.04/L-158 (hereinafter LMM), with sub normative acts issued pursuant to the present Law and the Mining Strategy. The ICMM shall act in the public interest and independently exercise the powers and carry out the functions assigned to it by the LMM.

The ICMM shall be directed by a Board comprised of 5 members, who according to applicable legislation have a mandate of 5 (five) years. Director manages the executive part of the ICMM who has a mandate of 3 (three) years, while the Chief Inspector manages Inspectorate who has a mandate of 5 (five) years. Structure and other staff of the ICMM consist of the main departments with professional staff and other supporting units with defined duties and responsibilities. The total number of employees in the ICMM during 2019 was 76 employees, from the approved number of 80.

1.2. Achievements

ICMM is responsible body to estimate and collect royalties, administrative fee and fines. **30,453,799.69 €** were collected net in **2019**. The execution trend for revenue from 2016 to 2019 can be seen in the following figure:

Figure 1. Collection of revenues for 2016-2019

- The ICMM Board has held 30 regular meetings during 2019, where 375 applications for licenses and permits have been reviewed (the applications of enterprises that have been reviewed more than once and several applications of enterprises received before 2019 are included in this number).
- ICMM has managed with **831** licenses and permits during 2019.
- 255 Licenses and Permits (85 Exploration Licenses, 52 Mining Licenses, 118 Special Operation Permits) were issued within 2019 after proceedings of all abovementioned applications under the procedures provided by the applicable legislation.

- ICMM has refused for not fulfilling the conditions for licensing, 60 applications for licenses and permits (31 Exploration, 9 Mining and 20 Special Operations Permits).
- Mineral resources used by categories during 2019 are: Metallic Minerals Pb-Zn (204,079.00 ton), Ni-Co (305,012.48), Energy Minerals (lignite) 8,063,051.00 tons.
- Inspectorate of the ICMM has had a high work dynamic of visits or inspections in the field during 2019. During this period there have been carried out **2359** visits respectively field inspections. This number includes:

Table 1: Inspections carried out during 2019

Inspection type	Number
Requests for massive blasting	606
Permit for massive blasting	540
General number of joint inspections according to operative plan	505
Enterprises that the tapes were put to them with the order for prohibition of mining operation	194
Applications received in the ICMM of the enterprises after visits during operative plan	58
Reports of illegal operations after re-inspection	27
Reports of illegal operations for 2019	50
Sequestration of trucks with coal	13
Daily inspections	514
Regular annual inspections – field visits	46
Total	2359

- **47** criminal charges has been submitted to the competent Prosecutors in this year, according to the field reports for unlicensed operations and they are in review procedure by the competent Courts;
- During **2019**, ICMM has prepared **54** Rulings for Administrative fines related to unlicensed operations, by respecting applicable laws and legal norms;
- The ICMM during 2019 has verified if the conditions for issuance of execution proposals for execution were met for private executor, **110** Execution Proposals;
- Taking into consideration the changes that were made after the allocation of the initial budget, the approved or final budget of the ICMM for **2019** was **1,301,942.47 €**, while it is executed **1,265,209.07 €**, or **97.18%** of the final budget.
- The ICMM continued to fulfil the legal framework during 2019 by issuing 7 sub normative acts.
- Within the Operative Plan for prevention and cease of illegal mining operations, the ICMM has continued as well during 2019 to coordinate activities with many other institutions for a better management of the mining sector, including all the Inspectorates of the Municipalities, the Ministry of Environment and Spatial Planning, the Kosovo Forestry Agency, the Police, the State Prosecutors and Courts.
- Two meetings of the ICMM with mining enterprises have been organised and held during 2019, in order to present them the rights and legal and procedure obligations in compliance with applications, licences and permits.
- Among other things ICMM has had other important activities such as:

- Meetings of the ICMM with representatives of the US Embassy, British Embassy, Hungary Embassy, Canadian Embassy, World Bank,
- Meetings of the ICMM with the Minister of MED, representation of the ICMM in Inter-ministerial Committee, meetings with Prime Ministry for KEK problems and for Trepça.
- Participation of the ICMM in working groups for drafting the new Law on Mines and Minerals.
- Participation of the ICMM in PDAC together with the Minister of Economic Development Mr Lluka and the deputy of the Assembly of Kosovo Mrs Shala, we had opportunity to be a part of meetings organized by the Consulate of Kosovo in Toronto as with representatives of Canadian Businesses of mining sector and as well representatives of Albanian Businesses Network in Canada.

1.3. Objectives

ICMM foresees to increase the efficiency and effectiveness of its duties and responsibilities respectively accountability by continuing the upgrade and advancement of internal control system and governance in general and by implementing specific objectives in particular:

- Implementation of mining legislation, policies and mining strategy;
- Licensing of mining enterprises in compliance with LMM, the mineral resources management plan, mining strategy;
- Monitoring – inspection of mining activities in compliance with applicable legislation;
- Attraction of investors through promotions of implementation of law and mining policies;
- Increase the level of transparency, communication and upgrade of information technology system in order to enable efficiently work in ICMM.

1.4. Analysis of the state in the country's mining sector

ACHIEVEMENTS, CHALLENGES AND THEIR ADDRESSING FOR THE DEVELOPMENT OF MINING SECTOR AS FOUNDATION OF ECONOMIC DEVELOPMENT

No matter that Kosovo has considerable known reserves of metallic minerals, energy minerals, industrial and construction minerals; still didn't find the best way for their valorisation, especially metallic and energy minerals, which it must be a priority of our institutions that through concrete plans and favourable legal infrastructure to pave the way for the sustainable development of mining industry and through it to the economic development of country.

It constantly noted that the mining sector is one of the main sectors for sustainable economic development of country; hereupon despite some of the continuous achievements, this sector didn't still achieve to contribute desirably to the economic development of country.

We think that a sustainable development of mining sector can be achieved based on the potential that Kosovo has and relying on the best practises of countries that this sector have developed.

ICMM did a brief analysis for the achieved results, challenges and their solution/addressing for sustainable development.

Licenses for metallic minerals

No matter that the ICMM has issued **49** exploration licenses for metallic minerals, only **4** licenses are active for mining of metallic minerals.

Figure 2. Report of Exploration and Mining Licenses

Licenses for construction and industrial minerals

Unlike mining of metallic minerals, mining of construction and industrial minerals is increased with high dynamic relying on development of road infrastructure and building of the country. ICMM has issued **188** mining licenses of hard rock and **14** licenses for other industrial minerals such as: marl, clay etc. No matter that the trends are increasing for the moment as well for several years, this will change in the future since the needs of the country for these materials will be decreased, hereupon the possibilities to increase the export of construction materials produced in Kosovo shall be taken as well into consideration in this field.

Figure 3. Number of licenses for construction and industrial minerals

Whatever it is, the mining sector in the Republic of Kosovo employs directly or indirectly about **20,000** employees. Revenues in **2019** are **30,453,799.69 €**.

We will present below some of the main factors that are real challenges and they have direct impacts in creating stability of mining sector and as well in the sustainable development of mining sector:

1. Development of mines in enterprise Trepça JSC
2. Development of Zones of Special Interest declared by the Government
3. Opportunities of exploitation of energy minerals - lignite - lack of adequate legal basis to promote the use of this resource
4. Needs for long-term investments in exploration to discover new areas enriched with metallic minerals.

1. Trepça JSC

As it is known, the undefined status of this enterprise has been a hindrance for its development. Now after the Law on Trepça has been approved and the status of Trepça has been approved by the Assembly of Kosovo, conditions have been created for the development of this enterprise respectively for Trepça mines. Hereupon, it is recommended that without wasting time to establish the governing bodies of the Enterprise, to make its concrete development plans and to start with investments in the Trepça mines, because this will directly impact the sustainable development of the sector as well as the growth of economic development, employment and revenues for the Republic of Kosovo.

2. Development of Zones of Special Interest declared by the Government

The Government of the Republic of Kosovo pursuant to the Law on Mines and Minerals has declared 11 Zones of Special Interest in 2008. The purpose of declaring these zones was to implement the competitive procedures and to find serious investors. These zones are the most prosperous zones for the development of mining sector, but despite the perspective they have, they have not yet started to be developed. This has happened as a result of distributed responsibilities by law, proceeding through inter-ministerial committees and PPP offices that in fact did not work.

Taking into consideration that there are serious companies interested in these zones, there is an immediate need to begin with their announcement in order to attract direct investments for the sustainable development of the mining sector. The Government of Kosovo had tried during 2019 to open these zones for investments through the Law on Strategic Investment but this has not been achieved because the value of guarantee were indicated as very high in order to qualify as strategic investor. Also it should be clear for Institutions of Kosovo that no one wouldn't block an amount of 3,000,000.00 € as guarantee for exploration, while that there is no full safety that it will find deposits of metal reserves in these zones that it will ensure a save future for business in mining sector.

3. Opportunities of exploitation of energy minerals - lignite

Lack of adequate legal basis to promote the use of this resource - The Law on Mines and Minerals foresees to issue licenses for energy minerals through a tendering procedure that it has resulted to be very bureaucratic and except issuance of licenses for lignite for production of electricity it has not been issued any other license for the use of energy minerals, despite the interest of companies to use this mineral for the purpose of processing and production of other products. The Government of Kosovo shall address this problem without wasting time, by

taking concrete steps to create suitable legal base that it will create the perspective to use lignite except for energy as well for other purposes as it is foreseen by the mining strategy of RKS.

4. Needs for long-term investment in exploration to discover new areas rich in metallic minerals

Large financial investments are required for long-term explorations to discover new metallic areas. We are witnesses that, it is considered a success today in the world if from 100 drillings carried out for exploration of new metallic deposits, one of them gives positive results. Except achieving results in exploration, it is also necessary to spend a considerable period of time and to provide sustainable financial resources for exploring new metallic deposits in one zone. Initiatives to harmonize the Laws of other Sectors with the Law on Mines and Minerals is an immediate need to regulate it once, in order to not have unnecessary barriers and bureaucracy regarding the extension of term of licenses and their surface. Here we are dealing directly with legal collision especially of the Law on Forests with administrative instructions deriving from it.

1.5. The challenges in the future

Taking into account the rights and responsibilities specified in the LMM and other general rules on the one hand and undertaking activities to implement them in practice on the other hand, and when we add to this the concepts of development trends in this field, we can consider coordination of work with all law enforcement institutions as a special challenge for the RKS institutions and as well for the ICMM. We can distinguish challenges to achieve the objectives set for the future as following:

- Increase the quality and safety at work in mining operations - Although the function of the mining sector in Kosovo is accompanied by good security, it still remains a challenge for the Mining Inspectorate in cooperation with the relevant institutions to adopt and implement the technical and security standards applied in the EU countries;
- Failure to treat on time the cases submitted to Courts. Penal sanctions imposed by the Courts are not reaching the effect to prevent the prohibition of illegal operations;
- Prevention and prohibition of illegal mining activities – no matter there were positive results during 2019, one of the main challenges of the Mining Inspectorate as well for the next year will be the prevention of illegal operators in the mining sector and the sequestration of their means and minerals;
- Drafting and approval of the sub-normative acts necessary and indispensable for the implementation of the LMM;
- Continuous implementation of activities deriving from the implementation of the Mining Strategy and the Mineral Resource Management Plan;
- Continuous implementation of activities deriving from the implementation of mining policies of the Government.

2. LEGAL FRAMEWORK

2.1. Independent Commission for Mines and Minerals

ICMM is established pursuant to Regulation No. 2005/2 of 21 January 2005 as amended by Law No.03/L-081 on Amending Regulation No. 2005/2 of 13 June 2008, where it is designated as an Independent Agency in compliance with Article 119, paragraph 5 and 142 of the Constitution of the Republic of Kosovo.

ICMM carries out its activity pursuant to the Law No. 03/L-163 on Mines and Minerals of 27 August 2010 and it is amended and supplemented by Law No. 04/L-158 on Amending and Supplementing the Law on Mines and Minerals that it has been published in the Official Gazette on 23 March 2013 and the Law No. 05/L-062 on Safety at Work in Mining Activity issued on 2016.

The ICMM shall regulate mining activities in Kosovo in compliance with the law, the sub normative acts and the Mining Strategy, that it shall act in the public interest and independently exercises the powers and carry out the functions assigned to it by the LMM.

2.2. The sub normative acts issued by ICMM during 2019

Law No.04/L-158 on Amending and Supplementing the Law No. 03/L-163 on Mines and Minerals obliges the ICMM to issue sub normative acts – Administrative Instructions by which the specified issues are regulated more specifically.

Legal Department in cooperation with other ICMM Departments have prepared 7 Administrative Instructions and one decision on reapplication in 2019 that are published in the Official Gazette of the Republic of Kosovo.

The Administrative Instructions issued by ICMM during 2019 are presented in the following table.

Table 2: The sub normative acts issued by ICMM during 2019

Administrative Instructions 2019	
1	ADMINISTRATIVE INSTRUCTION NO. 001/2019 - ON THE ICMM VEHICLES MANAGEMENT
2	ADMINISTRATIVE INSTRUCTION NO. 002/2019 - FOR CRITERIA TO APPOINT RESPONSIBLE PERSONS IN THE ENTERPRISES LICENSED IN ICMM
3	ADMINISTRATIVE INSTRUCTION NO. 003/2019 - ON MANAGEMENT OF THE ICMM NON-FINANCIAL ASSETS
4	ADMINISTRATIVE INSTRUCTION NO. 004/2019 - CODE OF CONDUCT AND ETHICS IN THE INDEPENDENT COMMISSION FOR MINES AND MINERALS
5	ADMINISTRATIVE INSTRUCTION NO. 005/2019 - ON MINIMUM EXPLORATION EXPENDITURES
6	ADMINISTRATIVE INSTRUCTION NO. 006/2019 ON STANDARD FORMS OF MINES SIGNALLING
7	ADMINISTRATIVE INSTRUCTION NO. 007/2019 - ON ADMINISTRATIVE PENALTIES AND MANDATORY PENALTIES

2.3. The difficulties faced by the ICMM during 2019

Many difficulties have accompanied the work and the activity of ICMM during 2019 which in certain cases they have complicated the work of this very important institution for the economy of Kosovo.

Dis-harmonization of other laws with LMM. During the daily work on the implementation of legal provisions, the ICMM has faced difficulties in insurances and guarantees that LMM has foreseen for licensed enterprises, and later this matter is regulated also by internal acts – Administrative Instruction.

ICMM Inspectorate under article 70 of LMM is responsible for the **sequestration** of working means and commodities of illegal operators encountered in mining site.

We have encountered obstacles on this issue from the Agency for Administration of Sequestered and Confiscated Assets, when the working means are sequestered it has asked a special decision by the competent Court to accept the seized machineries. This issue is clarified in writing by the Chief State Prosecutor of Kosovo that there is no need for a special decision by the Courts, because the provisions of the LMM expressly indicate that the sequestration of means in illegal action cases is a competence of ICMM.

A problem is also the issue of the legal procedure development in the Courts leaving the cases become obsolete and enouncing inadequate measures in relation to the criminal offense committed, by sentencing with conditions for illegal actions, which does not have the right legal effect in many cases.

Dis-harmonization of the Law on Forests of Kosovo with LMM, because there are cases when the surface to be used, it is written in the copy plan and possession list that it is a mountain, whilst KFA is not the owner of parcel and however it is required the consent from KFA.

Also, KFA issues consents for the surface up to 5 hectares and duration of 5 years, whilst it is foreseen according to LMM that the duration of licenses for exploitation of construction minerals can be up to 25 years with possibility of extension also for another 25 other years, whereas for energy minerals up to 30 years with possibility of extension for other 15 years.

During 2019, the ICMM has made 47 criminal charges to the relevant Prosecutions for enterprises or physical persons that they had their mining activity without licenses or permits from the ICMM.

During 2019, the ICMM has prepared 54 Rulings for Administrative Fines related to unlicensed operations that are in amount of **511,503.42 €** and sent them to the appropriate addresses.

ICMM has verified during 2019 if the conditions have been met to issue Proposals for execution to private bailiffs, hereupon 110 Proposals for Execution have been prepared and sent for execution that contain many rulings for administrative fines.

The Review Appeal Commission of the ICMM has held 22 sessions to review the appeals and requests from various parties addressed to the ICMM.

According to the data we have for 2019, their total number is 53 appeals from which 50 appeals have been reviewed and the others will be reviewed in the following year.

41 rulings on the appeals review have been prepared after the Board's decisions, which include as well several appeals by the end of 2018, which were prepared in 2019.

List of the criminal charges, administrative fines, proposals for execution for 2019 are attached as annexes in this report.

3. DESCRIPTION OF THE INSTITUTION

3.1. Vision

Creation of all institutional conditions through qualitative services, for the rapid growth of investment in the mining sector, strengthening human resource capacity, increasing community interest and ensuring environmental sustainability.

3.2. Mission

Exploration and exploitation of mineral resources, expansion and modernization of mining processing industry to ensure sustainable economic development, creation of new jobs and increasing welfare for the citizens of the Republic of Kosovo.

3.3. Scope of Independent Commission for Mines and Minerals

1. Independent Commission for Mines and Minerals - ICMM is an independent agency determined by the Constitution of the Republic of Kosovo.
2. The ICMM shall regulate mining activities in Kosovo pursuant to the Law on Mines and Minerals, the sub normative acts issued pursuant to the present Law and the Mining Strategy.
3. The ICMM shall act in the public interest and independently exercise the powers and carry out the functions assigned to it by the Law on Mines and Minerals.
4. It shall be a criminal violation of the law for any person to exert or to attempt to exert any political, administrative, financial or other influence over the ICMM, its staff or management personnel.

3.4. Powers and Responsibilities of the ICMM

1. The ICMM shall have the general authority and responsibility to ensure:
 - 1.1. Legality on optimal exploration and exploitation of mineral resources at all mining operations in Kosovo;
 - 1.2. The compliance of mining operations with the law, the sub normative acts issued pursuant to the law and the conditions and terms of licenses and permits issued by the ICMM, or consents issued as precondition for approval by the ICMM, pursuant to the law.
2. The ICMM shall have the competence to perform the following functions in accordance with the Law on Mines and Minerals:
 - 2.1. the issuance, transfer, extension, suspension and revocation of Licenses and Permits;
 - 2.2. the establishment and maintenance of a mining cadastre and a GIS database containing geographical data, geological data and other relevant economic data and all existing minerals titles and mining rights; and
 - 2.3. The issuance of rules on the internal organization and operation of the ICMM.
3. The ICMM shall provide technical assistance to the Government in all matters related to mines and minerals in Kosovo when requested by the Government.
4. No Person may carry out any activities involving the exploration, mining and/or processing of a mineral resource or any other related activity without a license or permit issued by ICMM in accordance with the Law on Mines and Minerals;

5. ICMM shall issue the following Licenses and Permits subject to fulfilment of the requirements for the issuance of such Licenses and Permits in accordance with the Law on Mines and Minerals:

- 5.1. Exploration Licenses;
- 5.2. Retention Licenses,
- 5.3. Mining Licenses;
- 5.4. Permit to conduct Special Operations;
- 5.5. Artisanal Mining License;
- 5.6. Public Interest Licenses or Permits.

3.5. The main responsibilities for the management of mining activity in the ICMM

All powers of the ICMM shall be vested in the ICMM Board. Any decision required by the Law on Mines to be taken by the ICMM shall be taken by the ICMM Board, while the Director of the ICMM conducts the ordinary business of the ICMM and performs all functions delegated by the ICMM Board.

However, its efficient and effective functionality and execution of powers and responsibilities ICMM realizes through professional organizations by departmental levels. ICMM structure consists of main departments and departments or other supporting units for the duties and responsibilities of ICMM.

4. SCOPE THAT COVERS ICMM

4.1. Organization, activities, personnel and salary levels

ICMM has adjusted its organizational structure according to LMM and the Law No. 03/L-149 on Civil Service of the Republic of Kosovo.

4.2. Board

The ICMM shall be directed by a Board (the “ICMM Board”) comprised of five (5) members. All powers of the ICMM shall be vested in the Board. Any decision required by the law to be taken by the ICMM shall be taken by the ICMM Board. Mandates of all successors of initial members are five (5) years. The members of the Board do not have the status of the civil servant. The members of the Board during the performance of their duties and responsibilities according to present law will act exclusively in the public interest and in good faith. Members of the ICMM Board are appointed by the Assembly of the Republic of Kosovo.

The ICMM Board, except regular meetings, by the request of Director or any of the members of Board organizes as well additional meetings.

Director and other professional staff shall prepare and review applications for licenses and permits, then through the pre-board meetings it is done the selection of applications that meet the criteria to be forwarded to the Board, in accordance with applicable laws.

4.3. Executive

Director and Chief Inspector manages the executive part of the ICMM. The Director is responsible for all executive issues within ICMM, organizes Board meetings, prepares reports as required for Board meetings and deals with the implementation of decisions taken by the Board. Director has the mandate of 3 years whereas Chief Inspector has the mandate of 5 years in accordance with applicable legislation.

The middle management of ICMM are directors of departments and they are civil servants. Civil servants are employees with open-ended career according to the Law on Civil Service of the Republic of Kosovo.

4.4. Human Resources

80 positions are approved for ICMM for **2019** by the Law No. **06/L-133** on the Budget of the Republic of Kosovo. ICMM has managed to have 76 positions by the end of 2019. ICMM is analysing as well the possibility of reducing bureaucracy within it through a restructuring organisation process that it is underway.

ICMM has a qualified staff, as it can be seen in the following chart:

Figure 4. Graphical presentation of ICMM staff qualification

The organogram of ICMM is presented in the following figure:

Figure 5. The organogram of ICMM for 2019

The salaries level of the ICMM staff is defined by the applicable legislation. The members of Board are professional appointees, and their salaries are set by the Assembly of the Republic of Kosovo. Director and other executive staff are civil servants and their salaries are set by legislation for civil servants (with coefficients). Due to the specific nature of the ICMM work, except basic salary, MF and the Assembly of Kosovo have approved the allowances to salaries of ICMM staff according to work specifications for the positions.

A number of ICMM employees participated during 2019 in training both in the country and abroad. A number of trainings are organized by KIPA, but some of the trainings are organized by other institutions in the country and abroad.

The details of the trainings of ICMM staff carried out abroad during 2019 are presented in the following table whereas the details of the participants in different workshops and conferences during 2019 are present at the part of financial reporting:

Table 3: Participation of the ICMM staff in trainings during 2019

Training Provider	Type of training	Number of participants	Place	Duration
BSCK	E-Procurement for officials	8	Montenegro	4 days
ADA Consulting	Execution of decisions and procedures according to remedies	5	Macedonia	4 days
IKAP	Access to Public Documents	1	Prishtina	2 days
IKAP	Personal Data Protection System	1	Prishtina	2 days
IKAP	Budget Impact Assessment of New Government Initiatives	1	Prishtina	1 day
IKAP	Whistle-blowers and their rights	1	Prishtina	2 days
IKAP	Preparation of project proposals and project management cycle	1	Prishtina	7 days

4.5. ICMM assets

The ICMM to carry out its activities has in possession a large number of functional assets such as:

- Geoscientific information
- Geo-database of Kosovo
- Advanced hardware and software
- Logistics equipment (vehicles, etc.).

4.6. ICMM's location and physical space of the building

ICMM's premise is located at Sunny Hill in the street Armend Daci No. 1 in Prishtina. The location map of the ICMM's premise is shown below

Figure 6. ICMM location

In the absence of the permanent premise, the ICMM is obliged to rent a private building with surface of **1816 m²**.

Although ICMM has addressed many times a request to the relevant institutions to be placed on the premises of public institutions, it doesn't have a solution yet, hereupon ICMM remains in private buildings with rent since 2004.

It is worth mentioning that during 2010-2019, ICMM spent the amount of **715,543.59 €** from Kosovo Budget for rent office space, where during 2019 ICMM spent **86,071.13 €** for the rent of offices.

A cooperation agreement was signed during 2017 between MPA-MESP-ICMM to start building a joint office building for MESP and ICMM. It has started the building to be build and it is under construction.

5. ACTIVITIES FOR THE REPORTING PERIOD

5.1. Review and Licensing

ICMM during **2019** has reviewed **375** applications for Exploration and Mining Licences and applications for Special Operation Permits, requests/applications for Exploration were **188**, **62** for Mining and **125** for Special Operation Permits.

ICMM, during pre-Board meeting and regular Board meetings held during 2019 has reviewed in total **375** requests/applications

- Exploration = **188**
- Mining = **62**
- Special Operation Permits = **125**

Except applications received during **2019**, ICMM has reviewed as well the applications received in previous years. ICMM during **2019** has received **304** applications for exploration and mining licences and applications for special operations permits, among them:

- Applications for Exploration Licences = **124**
- Applications for Mining Licences = **58**
- Applications for Special Operation Permits = **122** (**59** separation plants, **52** concrete base, asphalt base **4**, sorting plant **5**, flotation **2**).

The number of applications received according to months during **2019** is presented in the following chart:

The number of applications received during 2015-2019 is presented in the following chart:

Figure 7. Receipt of applications according to months

Figure 8. The number of applications received during 2015-2019

After processing all of the abovementioned requests/applications under the procedures foreseen by the applicable legislation, **255** Licenses and Permits for Special Operations have been issued. From them: **85** Exploration Licenses and **52** Mining Licenses, and **118** Special Operations Permits (**6** asphalt bases, **15** concrete bases, **32** separation plants **and** **2** sorting plants) - see following table.

The number of licenses and permits issued during **2015-2019** is presented in the following chart:

Figure 9. The number of licenses and permits issued during 2015-2019

Table 4: Licenses/ permits issued for 2019

Ordinal No.	Licence type	Number of approved licenses
1	Exploration Licenses	85
2	Mining Licenses	52
3	Special Operation Permits	118
	Total	255

The difference between applications and licenses approved is that all applications for licenses and Special Operations Permits did not meet the legal requirements to be licensed.

**Figure 10. Licenses/permits issued during 2019**

5.1.1. Licenses for geological exploration (research-exploration)

“Exploration License” means the official written authorization issued by the ICMM under Part III of the LMM.

An exploration license for construction minerals shall have a term of no more than 2 years. It applies to an area no larger than 50 ha. It is extendable as well for a maximum of 2 additional years.

Exploration licenses for all other minerals shall be issued with a term of no more than 3 years. It applies to an area no larger than 100 km², it may be extended up to 2 times, where each extension cannot be longer than 2 years; in case of each extension the exploration area will be reduced for 50%.

No enterprise shall hold multiple exploration licenses for construction minerals covering, in the aggregate, more than 10 km², while it shall not hold multiple licenses for other minerals covering, in the aggregate, more than 300 km².

Number of the exploration licenses issued by ICMC during 2019 according to commodities is presented in the following table:

Table 5: Number of the exploration licenses by types of commodity

Type of commodity	No. of licenses
K-2 - hard rock	55
M-1 - Metallic Minerals	15
M-2 - Industrial Material	9
K-3 - sand and gravel	6
Total	85

Figure 11. Number of exploration licenses by types of commodity

The ICMC Board, pursuant to Article 59.1 and Article 62 of LMM, after reviewing the applications in accordance with the law, has rejected some of the applications for exploration licensing for non-fulfilment of legal conditions. The ruling on the reasons for refusal was sent to all enterprises.

The number of refused applications for exploration by types of commodity is presented in the following table:

Table 6: Number of refused applications for exploration by types of commodity

Type of commodity	No. of licenses
Hard rock	16
Industrial Material	3
Metallic Minerals	12
Total	31

**Figure 12. Number of refused applications for exploration by types of commodity**

5.1.2. Mining Licenses

“Mining License” means a license issued by the ICMM under Part V of LMM. A Mining License for all minerals other than energy minerals can be issued with a maximum term of no more than 25 years with a possibility of extension of a maximum duration of 25 years. Mining licenses for energy minerals shall have a maximum term of no more than 30 years with a possibility of extension for an additional period of 15 years.

A time period for a mining license is determined by the exploitable reserves, mining project and by the dynamics of mining.

All mining licenses issued by ICMM during 2019 are presented in the following table.

The number of mining licenses by types of commodity issued by ICMM during 2019 is presented in the following table:

Table 7: Number of mining licenses by types of commodity

Type of commodity	No. of licenses
Hard rock	32
Sand and gravel	12
Metallic Minerals	4
Industrial material	2

Lignite and bitumen	2
Total	52

Figure 13. Number of mining licenses by types of commodity

The ICMM Board, pursuant to Article 59.1 and Article 62 of LMM, after reviewing the applications in accordance with the law, has rejected some of the applications for licensing of Mining for non-fulfilment of legal conditions. The ruling on the reasons for refusal was sent to all enterprises.

- Suspension of licenses - ICMM has suspended 9 of mining licenses pursuant to the administrative procedures of Article 9.1 of the LMM, pursuant also to the relevant decision by other institutions, for enterprises which have failed to maintain the qualifications under Article 9.1 of the LMM. A ruling on the reasons for the suspension has been sent to all enterprises.
- 5 requests to close the mining licenses have been reviewed during 2019.
- ICMM in cooperation with other institutions such as: MESP and KFA, after the expiration phase of licenses, has re-cultivated the license areas.

5.1.3. Special Operation Permits

“Special Operation Permit” means a permit issued by the ICMM under Part VI of LMM. The term and scope of each Permit shall be reasonably established by the ICMM, in compliance with LMM, in a manner that is reasonably, directly and rationally related to the conduct of the special operations authorized by such permit.

In the group of Special Operations Permits are included:

- (a) Permit to use explosives for the mining sector’s needs,
- (b) Work permit in mining:
 - Use or function of machineries and equipment or
- (c) Permit to process raw material:

- Use or function of machineries or equipment (quarry with sorting plant, concrete base and asphalt base),
- Use of chemicals or other reagents, or

The number of all permits issued in 2019 for Special Operations Permits and its comparison in charts is presented in the following table and chart:

Table 8: List of the permits issued for 2019 for Special Operation Permits

Type of commodity	No. of licenses
Sorting plant	55
Concrete base	54
Asphalt base	5
Flotation Sorting plant	4
Total	118

Figure 14. Chart of the special operation permits issued during 2019

5.2. Importance of the mining resources for the country

The Republic of Kosovo is rich with mineral resources; energy and polly metallic resources present important potentials for the overall development. There can be distinguished lignite, minerals of lead, zinc, silver and gold, silicate minerals of nickel and cobalt, iron - nickel, bauxite, manganese, magnesite etc. Rational use and properly management of these resources can ensure the support for economic development and to create new jobs by improving evidently as well economic state.

Also the use of renewable resources such as: water resources, wind energy, solar energy, investments in energy efficiency as well recyclable materials, would contribute in the overall

development of the country and at the same time also in the protection of non-renewable natural resources and can meet a part of requirements.

Currently, these commodities are mainly being used in recent years in one form or another from many of the commodities that Kosovo possesses:

- Metallic minerals (Pb-Zn-Ag, Au, Ni-Co, Cr),
- Energy minerals (Lignite),
- Non-metallic minerals (andesite, limestone, basalt, dunite, schist, sand and gravel, silica sand, marl, clay, etc.),

All exploitable commodities such as magnesite, bauxite etc. are still not being used due to many different problems.

5.3. Analysis of realisation of commodity production

Most of enterprises dealing with the exploitation of hard rock, sand and gravel are not achieving to fulfil their production planning during 2019 and as well in previous years. It can be concluded from analyses that the main reasons that some enterprises fail are:

- Unreal planning of enterprises related to exploitation and processing of commodity
- Lack of the capital of enterprises to invest in the exploration stage to avoid the failure in the exploitation stage because of the poor quality of mineral
- Illegal mining activities, etc.

5.3.1. Realisation of production for energy minerals

Coal (lignite) as energy mineral is the most important resource of Kosovo, because the supply with electricity depends almost entirely from this commodity. The estimated coal resources in the whole Kosovo are about 12.5 billion tons, which economically it is considered an advantage to be used. Only “Kosovo Energy Corporation – KEK” is actually licensed by the ICMC for exploitation of energy minerals, that it does surface exploitation of lignite for production of electricity in the country.

Figure 15. Diagram of the state of mineable energy reserves during 2016-2019

Figure 16. Diagram of the state of exploited energy reserves (lignite) during 2016-2019

5.3.2. Realisation of production for metallic minerals

The exploitation of metallic minerals has not been done according to the planning foreseen by enterprises in this year like in the previous years for many reasons, some of them have been above mentioned in the analyses of mining sector.

Table 9: State of mineral metallic reserves in deposits licensed during 2016-2019

Commodity	Description	2016	Ratio Planning -Mining	2017	Ratio Planning -Mining	2018	Ratio Planning -Mining	2019	Ratio Planning -Mining
Pb-Zn	Mineable reserves	4,361,985.30	71.96	4,138,612.80	63.93	3,900,036.80	68.29	5,068,591.80	56.13
	Planning	349,382.00		349,382.00		349,382.00		363,605.00	
	Exploited reserves	251,405.00		223,372.50		238,576.00		204,079.00	
Ni-Co	Mineable reserves	10,438,101.05	27.89	17,443,444.18	52.71	17,011,789.12	29.13	19,602,959.91	20.69

5.4. Activities of recultivation and closure of mines / quarries in 2019

20 applications in total for the closure of the mining licenses have been reviewed during 2019 based on the decision 496/2017 and 3667/18. Pursuant to Article 63 paragraph 3 point 1 and 2 of LMM, ICM in cooperation with MESP and KFA, after expiration stage of licenses has done the recultivation of the licenses zones.

Table 11: Recultivation and closure of mines / quarries during 2019

	Purpose of report	Ord. No	Name of enterprise	Resource type	Location	Municipality	Surface m ²
	For extension of the term of the guarantee	1	N.N.T. "Mirusha Transport" sh.p.k.951	Limestone	Gremnik - Kastrati V.F	Kline	55943.5
	For extension of the term of the guarantee	2	Tullitorja shpk 819	Clay	Maqak - Maqak	Prizren	95058.668
Non-recultivated	After expiration of the license after re-cultivation-negative	3	"Union Comerc" sh.p.k.2228	Sand and gravel	Vragovc	Peje	5295.76
Recultivation with closure	After expiration of the license after re-cultivation-positive	4	"ADI - Compani" sh.p.k.1778	Sand and gravel	Hodonovc	Kamenice	4029.676

The recultivated fields in former mines/quarries are presented in the following photos:

Figure 23. Recultivated fields in former mines/quarries

5.5. Planning and needs for 2020 – according to commodities

Mineral resources management is an integrated activity that identifies, estimates and ensures an optimal exploitation plan of mineral resources, to produce a qualitative product that satisfies/ fulfils/ objectives of business of enterprises but as well the consumers' requests in a dynamic environment.

5.5.1. Analysis of problems in annual planning in mining sector

Analysing the needs and planning for the following years are done by taking into consideration the trend of exploitation of the four previous years 2016-2019.

The main difficulties are noticed in organisation respectively the weak structure of the enterprise followed by the development and financial inconsistency. So the management of enterprises is still not in the appropriate level.

Exceptionally, as stated above, there are also enterprises that have realization at the level of annual production planning, where “KEK” can be taken an example.

5.6. Planning of production for energy minerals

Table of planning and exploitation of energy minerals (lignite) for the years 2016-2019 with purpose of extraction of planning of exploitation for the year 2020 is presented below:

Table 12: Planning of exploitation of mineral energy reserves for the year 2020

Table of planning and exploitation of mineral energy reserves for the years 2016 - 2019						
Commodity	Activity	Year				
		2016	2017	2018	2019	2020
Lignite (t)	Planning	8,400,000.00	8,400,000.00	7,970,000.00	8,400,000.00	8,000,000.00
	Exploited reserves	8,800,848.00	7,574,697.00	7,169,767.00	8,063,051.00

5.9. Summary of planning according to groups of commodity

Planning of production according to groups of commodities is presented briefly in the following tables

Table 15: Planning of production of energy minerals for the year 2020

Planning of exploitation for the year 2019 Energy minerals		
Commodity	Planning	Unit
Lignite	8,000,000.00	t

Table 16: Planning of production of metallic minerals for the year 2020

Planning of production for 2019 Metallic minerals according to the type of deposits				
Commodity	Planning (t)	Content of metal in %		
		Pb	Zn	Ag (g/t)
Pb-Zn	210,000.00	2.93%	2.93%	36.77
Ni-Co	Planning (t)	Ni	Co	---
	380,000.00	1.10%	0.02%	---

Table 17: Planning of production of non-metallic minerals for the year 2020

Planning of production for 2020 Industrial-construction minerals		
Commodity	Planning	Unit
Andesite	125,000.00	m ³
Clay	440,000.00	t
Limestone	5,800,000.00	m ³
Basalt	13,500.00	m ³

Sand and gravel	48,000.00	m ³
Quartzite sand	27,000.00	m ³
Dunite	25,000.00	m ³
Marl	301,500.00	m ³
Schist	62,500.00	m ³
Marble	400.00	m ³
Gabbro	7,800.00	m ³
Tuff	520.00	m ³

5.10. Inspection and monitoring of mining activities

Inspectors of the Inspectorate of Mines, in compliance with law, regulations, legal provisions, standards and technical norms, shall independently monitor:

- Exploration, mining and special operations of mineral resources of the Republic of Kosovo
- Evaluation of minerals exploited by mines and quarries for the calculation of the royalty
- Implementation of safety and security measures at work.
- Implementation of international standards for mining activity.
- Inspections of injuries with fatality and major injuries, as well as environmental or property damage and measures that need to be taken.
- Inspections of pre-blasting fields for massive blasting prepared according to the mining project, to ascertain compliance of the technical parameters in the application.
- Inspections of blasting and taking measures for safe blasting by applying all safety measures and rules foreseen for the massive blasting.
- Issuance of the permits for explosive transfer from the main explosive storage of underground mines and maintenance of data for explosive quantity state.
- Regular inspections in underground and surface mines and facilities for processing and enrichment of mineral resources.
- Regular annual inspections of enterprises licensed under AI.No.02/2016 (for the supervision and inspection of licensees conducting mining activity).
- Termination of mining activities if these activities are not carried out in accordance with laws, regulations, legal provisions, standards and technical norms.
- Inspections of illegal mining activities and taking measures to prevent them.
- Coordination of inspections with other institutions.

5.10.1. Organization of Inspectorate

The Mining Inspectorate is organized to monitor the entire territory of the Republic of Kosovo, by the Inspectors of Mining, Geology, Machinery, Electro and Quality Control, in the following order:

- **Prishtina region**
- **Prizren region**
- **Peja region**
- **Gjilan region**

- **Mitrovica region**
- **For Underground**
- **For Surface**
- **For Explosives**
- **For Machinery and Electricity and**
- **For Quality Control**

5.10.2. Development of mining activities in KEK

Planning and realization of coal for January – December 2019 (in ton)

KEK has planned during 2019 to exploit-extract coal in the quantity of 7,970,000 tons while the realization is done in the quantity of 8,063,051 tons or in percentage of 101,2%.

Coal is extracted from the new mine “Sibovc South – West”.

Table 18: Planning and realization of coal for January – December 2019 (ton)

Tab.1	Planning	Realization
JANUARY	700,000.00	664,262.00
FEBRUARY	680,000.00	797,743.00
MARCH	710,000.00	807,150.00
APRIL	660,000.00	788,368.00
MAY	650,000.00	525,283.00
JUNE	600,000.00	421,452.00
JULY	590,000.00	504,585.00
AUGUST	590,000.00	580,243.00
SEPTEMBER	690,000.00	758,095.00
OCTOBER	700,000.00	758,574.00
NOVEMBER	700,000.00	854,704.00
DECEMBER	700,000.00	602,592.00
Total	7,970,000.00	8,063,051.00

The data on planning and realization of coal for January – December 2019 are presented as well in the chart below

Figure 28. Planning and realization of coal for 2019 (in ton)

KEK has planned during 2019 overburden removal (discovery of coal) in the quantity of **12,500,000.00 m³** while the realization is done in the quantity of **11,139,541.00 m³** or percentage of **89,1%**.

After the completion of the quite complicated expropriation process, the process of overburden removal is improving and it is getting normalized to achieve planning of the discovery of coal reserves.

Planning and realization of overburden for January – December 2019 (in cubic meter m³) is presented in the following table:

Table 19: Planning and realization of overburden for January – December 2019 (m3)

Tab.2	Planning	Realization
JANUARY	1,025,000.00	690,671.00
FEBRUARY	1,005,000.00	787,476.00
MARCH	985,000.00	887,334.00
APRIL	985,000.00	1,009,584.00
MAY	935,000.00	841,824.00
JUNE	840,000.00	867,235.00
JULY	1,255,000.00	1,230,593.00
AUGUST	1,405,000.00	899,317.00
SEPTEMBER	1,015,000.00	1,083,135.00
OCTOBER	835,000.00	1,334,679.00
NOVEMBER	1,115,000.00	765,848.00
DECEMBER	1,100,000.00	741,845.00
Total	12,500,000.00	11,139,541.00

The data on planning and realization of overburden for January – December 2019 are presented below as well in the chart:

Figure 29. Planning and realization of overburden (m³)

5.10.3. Explosives quantity used during 2019

Total explosives quantity spent for underground mines in 2019 is:

$$S=210,721.20 \text{ (kg)},$$

and explosives quantity spent for surface mines is:

$$S=2,845,411.00 \text{ (kg)}$$

And as a conclusion, the quantity of volumetric mass blasted in surface mines is:

$$V= 6,081,769.69 \text{ m}^3.$$

and specific consumption for m³ is:

$$Q=0.46 \text{ (kg/m}^3 \text{)}$$

Also it is worth to emphasize as well the production of explosive by the production enterprises of the Republic of Kosovo which as a quantity is:

$$S=1,490,015.00 \text{ (kg)}$$

Table 20: Special blasting carried out during 2019:

No. of blasting	Purpose of blasting
1	Connection to the mine stopes
3	For placement of machinery
67	Roadways, for wind energy and hydropower plant

Comment: Based on a request from the Members of the Committee on Economic Development, Infrastructure, Trade and Industry to elaborate on the impact of the use of explosives in the surroundings, we comfortably answer that except one case in the village Qirez where we had uncontrolled fall of rocks, we have no complaints from the community in other cases. We have also taken administrative measures for the above-mentioned case in

order to avoid any similar case being repeated and for this it is the report of the commission with protocol No. 2306 dated 28.03.2019 presented by the Chief Inspector of Mines in the Parliamentary Committee and ready for presentation whenever required.

5.10.4. Security and safety at work

Reports on injuries / accidents during 2019 at Trepça Mines, surface mines, quarries and processing facilities

Some accidents with fatality, major and minor injuries have occurred during 2019 in the mining industry (in Trepça mines, surface mines, quarries and processing facilities).

The tables of accidents - injuries at work *during 2015, 2016, 2017, 2018 and 2019* are presented below:

Table 21: Accidents – injuries at work in mines during 2015, 2016, 2017, 2018 and 2019 by types of injuries

Type of injuries	Year 2015	Year 2016	Year 2017	Year 2018	Year 2019
Fatality	0	0	0	0	3
Collective injury	0	0	0	0	0
Major injury	4	3	0	5	6
Minor injury	72	61	70	76	83

We present a chart of the report on injuries by comparing in five years

Figure 30. Chart presentation by type of injuries

We present a chart of the report on injuries by comparing in five years

Table 22: Accidents - injuries at work in mines, quarries and mining facilities during 2019

Type of injuries	Underground mines "Trepça" 2019	KEK 2019	New CO Ferronickel 2019	Sharr Cem 2019	Quarries 2019	TOTAL 2019
Fatality	0	0	0	0	3	3
Collective injury	0	0	0	0	0	0
Major injury	5	0	0	0	1	6
Minor injury	77	6	0	0	0	83

Figure 31. Chart presentation of injuries according to workplaces

The accidents with fatality during 2019 were as following:

1. Afrim Gashi, had accident on 21.03.2019 in quarry "Mirusha Company" l.l.c (Min. Lic. 1263), Dollc, Klina;
2. Nezir Hakaj, had accident on 05.11.2019 in concrete base "Alko Beton" B.I, (Apl. 1079), Millosheva, Obiliq;
3. Salih Koraçi, had accident on 28.11.2019 in quarry "Guri I Bekuar" l.l.c (Min.Lic. 1942), Seqishte, Hani i Elezit.

After analysing the reports of these accidents with fatality, it is concluded that the measures of safety and awareness at work should be added to the licensed enterprises.

Major injuries during 2019

We have the following reported major injuries during 2019 in the underground mines and quarries:

- 1- major injury in the mine "Trepça" Stan Terg;
- 4- major injuries in the mine "Trepça"- Artana-Kizhnica;
- 1- major injury in the quarry "Guri" Viti.

Conclusions regarding injuries at work

We have an increase in safety area in addition to professional development and responsibility in the mining industry. This is also due to the assignment of responsible persons in the companies based on the Administrative Instruction of the ICMM and that its supplementation according to our recommendations will increase the efficiency at work and safety in quarries. In addition, we think that the AI approved for responsible persons to have work contracts to these enterprises will increase the care of mining activities regarding mining safety.

It is needed the further continuation of professional training of technical-mining staff, licensing of heavy machines drivers, delegation of responsibilities, increase of supervision of technical and safety measures, improvement of working conditions, application of punitive measures to physical and legal persons.

The most common causes of accidents and failures in mines and mining processing facilities are as follows:

- Poor technical condition of technical – technological equipment and facilities and inadequate manipulation of these facilities,
- Condition of stopes in surface mines (angles and elevations of working stopes and general angle),
- Carelessness and negligence of workers,
- Insufficient use of personal protective equipment,
- Lack of knowledge and insufficient professional training.

Comment: The answers of the Parliamentary Committee regarding the implementation of the Law on Occupational Safety are found in the co-operation of the Inspectorate in drafting the applicable regulations.

We are awaiting for the drafting of a regulation on the Certification of shot-firers and the use of explosives, a request sent to the MIA - Department of Public Safety, whereas regarding the challenges of implementing this law, I conclude that due to the small number of Inspectorates it is impossible to implement this law strictly, and that the Inspectorate appears only when there are major or fatal accidents.

6. CHALLENGES AND RECOMMENDATIONS

6.1. Prevention and prohibition of illegal operations and increasing the quality and safety at work

The practice has shown that the prevention and prohibition of illegal mining operations requires an inter-institutional interaction and without such coordination, it is difficult for the ICMM to achieve the aim to prohibit and prevent the unlicensed mining operations.

6.1.1. Cooperation with the country Institutions

- Inter-institutional cooperation on prevention and prohibition of illegal operations has continued as well during 2019 with officials of the Directorate of Municipal Inspectorate, Kosovo Police, Department on Investigation of Serious Crimes, where it was held a Workshop for presentation of Manual for good administration of the mining and environmental activities 15.11.2019.
- ICMM will continue during 2020 with operative plan on prevention of illegal operators in mining sector. The cooperation between the Inspectorates of the ICMM, KFA, MESP and Municipalities has been raised to a very high level in prevention of operators.

6.1.2. The challenges we faced during 2019

- Inefficiency of judicial bodies in reviewing criminal charges proceeded to the Courts by the ICMM;
- Relatively low penalties by the Court for illegal operators as it is foreseen in Article 80 of the Law on Mines and Minerals;
- Not arresting in traffic the illegal operators (transporters) and control of material origin by the Kosovo Police;
- Granting tenders by respective Municipalities and Ministries for the use of material for infrastructure without having any evidence for origin of that resource
- The issue of bank guarantees is also a challenge. In cases where the surface presented in applications is with a mountain culture and a bank guarantee is required by the ICMM according to the LMM and KFA for re-cultivation, and also the price differs per unit/hectare;
- The ICMM has had another challenge during 2019, the issue to take funds for re-cultivation from insurance companies when enterprises did not carry out surface re-cultivation after the expiration of licenses or permits, and now insurance companies do not

approve the ICMM's requests, to return the re-cultivation funds as it is foreseen by the LMM;

Hereupon, the ICMM recommends taking the following measures:

- Increase the efficiency of Courts to speed up reviewing criminal charges for unlicensed operators;
- Taking decision by which the Kosovo Police is obliged to control the transporter of commodities, in order to verify valid license;
- Issuance of contracts to build dikes to be accompanied with a preliminary notice for us as ICMM, since in these cases we have abuse of mineral resource during the implementation of that project;
- Not issuing tenders by respective Municipality and Ministries for the use of material for infrastructure without having any evidence for origin of that resource;
- The harmonization of these legal or sublegal provisions should be harmonized. The Law on Agricultural Land, the Law on Forests, the Law on Environmental Protection should be harmonized with obligations deriving from EU legislation. The Law on Forests should be harmonized with the LMM in order not to require double guarantees, one from ICMM and one from KFA;
- A great number of illegal operators are working with electricity. No matter these operators may pay regularly the electricity they use, we propose to remove these operators from the electric network and the connection with electricity to be done only for those operators that obtain licences to undertake mining activities from ICMM. This right arises as well from the Law No.04/L-175 on the Inspectorate of Environment, Waters, Nature, Spatial Planning and Construction, Article 44, that says:

Temporary interruption of activity

1. If during the inspection and surveillance inspection, the inspector finds irregularities that threaten life, health, environment and other cases stipulated by law, will temporarily cease conducting business with the sealing-bar, setting the bar areas, facilities, construction sites, equipment, labour tools and other means, for removing the irregularities.

2. In cases from paragraph 1 of this Article, the inspector orders the cooperation with competent legal entities that perform public services, water supply, electricity and related services to quit the service to the supervision subject.

- The enterprises for production of construction elements are doing an increased activity and as well encouraging activity of illegal operations where they use clay, sand and gravel as raw materials. These enterprises are not licensed by the ICMM, especially those dealing with the use of clay but also those dealing with the production of concrete elements. Therefore, it makes difficult to prevent illegal operations and encourage illegal operators, so their licensing would create a basis to prevent illegal operations. Also we think that the

control from TAK to determine the origin of material will help in this case to not encourage these enterprises to be illegal operators.

- Mineral resources as a country asset, must be protected and not be blocked by building various infrastructural or other objects on them or in their vicinity. Here, all relevant institutions and other actors related to mining sector should find the best solutions in favour of rational use of mineral resources.
- In this case, the land conflict that it is now very serious (e.g. the difficulties to be faced by a coal mine with the surrounding villages), in the near future is expected to be even more severe where serious obstacles may appear to the development of the mining sector. But, this problem occurs to the many other commodities, owners, enterprises, institutions, etc.
- Planning that the enterprises are doing for exploitation of commodities is in noncompliance with realisation. The ICMM, MED and other relevant institutions should carefully monitor this phenomenon in following year and they should analyse all necessary parameters why this inconsistency is happening.

Although good results were during this year, the Inspectorate of Mines in cooperation with other institutions will continue to prevent and prohibit illegal operations in all regions of the Republic of Kosovo.

6.2. Increase of quality and safety at work in mining operations

Although the function of the mining sector in Kosovo is associated with good security, it is still a challenge for Inspectorate of Mines that in cooperation with relevant institutions to adopt and apply technical and security standards that are applied in the EU countries such as:

- Promoting culture of safety and security at work;
- Strict implementation of safety and security measures to prevent accidents and failures in mines with surface and underground exploitation;
- Providing effective monitoring system of inspections and investigations on accidents and failures at work and their regular recording to the processing of these cases in Courts.

6.3. Non-treatment on time of cases submitted in Courts

Criminal sanctions imposed by the Courts are not reaching the effect to prevent prohibition of illegal operations. Regarding the functioning and implementation of the legislation in general, among others for the mining field, these challenges were and remain to be:

- Delay issue by competent Court to review cases for unlicensed actions by the ICMM, postponing sessions for several times to the obsolete cases, and thus it creates a loss of time to the staff to go to the Courts and thus it has created unnecessary financial costs. The measures taken by the Court do not comply with the damage caused by unlicensed operators, as it is foreseen by the LMM.
- Then the non-implementation of the legal provisions to sequester material/work means that are encountered at the scene, respectively when operating unlicensed. We have tried several times to find support from the Agency for the Administration of Sequestered or Confiscated Assets to carry out the sequestration of material/machinery, as provided in article 70 of the LMM, but we think this Agency without right has asked us the Court's decision for sequestration of the work means;
- The Court's ineffectiveness in collecting financial obligations to ICMM debtors, according to the execution proposals related to previous year's cases.
- Continuous repetition of criminal offenses by the same illegal operator;
- Sequestration of minerals and machinery;
- Collection of revenues/debts from enterprises with mining activity;
- Damage of competition from illegal mining activities;
- Insufficient budget to carry out ICMM activities, especially in staff completion.

7. FINANCIAL REPORT

Budget of the Independent Commission for Mines and Minerals for 2019 was allocated in the following 4 (four) budget lines:

Table 23: Budget approved at the beginning of 2019

Ord. No	Description	Year 2019
1	Wages and Salaries	833,475.00 €
2	Goods and Services	386,281.00 €
3	Utilities	30,600.00 €
4	Subsidies and Transfers	- €
5	Capital Projects	159,000.00 €
	Total approved	1,409,356.00 €

Figure 32. Budget approval at the beginning of 2019

Final budget of the ICMM for 2019 is as in the following table

Table 24: Budget after review for 2019

Ord. No	Description	Year 2019
1	Wages and Salaries	796,061.47 €
2	Goods and Services	386,281.00 €
3	Utilities	30,600.00 €
4	Subsidies and Transfers	- €
5	Capital Projects	89,000.00 €
	Total approved	1,301,942.47 €

Figure 33. Final budget approval in 2019

This change of budget is done by budget review.

Table 25: Approved and spent budget for this period of 2019

Ord. No.	Description	Approved	Spent	Difference	In %
1	Wages and Salaries	796,061.47 €	792,642.37 €	3,419.10 €	99.57
2	Goods and Services	386,281.00 €	375,849.06 €	10,431.94 €	97.30

**Figure 42. Revenue collection for 2019-2016**

The obligations of enterprises to the ICMM in the years are 28,099,676.00 €.

Trepča Artana, Stanterg, Beloberdo and Crnac did not perform their financial obligations to the ICMM, these Mines' obligations to the ICMM for 2019 including interest is 740,882.53, while the total obligation of Trepča is 14,993,169.92 €, or 53.36 % of total debt.

8. REPORTING ABOUT THE COMMENTS OF THE OFFICE OF THE AUDITOR GENERAL

1.2 The Office of the Auditor General (OAG) has undertaken regularity audits in the Independent Commission for Mines and Minerals (ICMM) in accordance with its duties and responsibilities. OAG has given its opinions and evaluations for its scope of activities and focuses of audit in the Audit Report for the Independent Commission for Mines and Minerals for financial year on 31.12.2018, as following:

1.2.1 Audit opinion - Unmodified Opinion, OAG have audited the AFS of the Independent Commission for Mines and Minerals (ICMM) for the year ended on 31st of December 2018, which comprise of the Statement of Cash Receipts and Payments, Budget Execution Statement, Disclosure and other accompanying reports.

In our opinion, the Annual Financial Statements for the year ended on 31st of December 2018 present a true and fair view in all material respects in accordance with International Public Sector Accounting Standards (according to cash based accounting), Law no.03/L-048 on Public Financial Management and Accountability and Regulation MoF no.01/2017 on Annual Financial Reporting by Budget Organisations.

1.2.2 Financial Management and Control – ICMM in the context of financial systems, revenue and expenditure controls in general are appropriate and are being implemented effectively.

1.2.3 Good Governance - ICMM in general has good controls in relation to its legal obligations. Financial management and control has proved a good process of review and assurance in implementation of legislation and other control processes. Governance in ICMM in the area of managerial reporting and accountability, as well as risk management reflects a positive situation. Progress in implementation of recommendations given by NAO and preparation of risks register with all measures, by identifying all significant risks that may have impact on the organization regarding the achievement of its objectives.

1.2.4 Internal Audit System: ICMM has a functional internal audit system that constitutes an important segment of overall controls. The Internal Audit Unit (IAU) consists of one auditor (IAU Director). IAU for 2018 has planned to carry out five audits. The Audit Committee during 2018 had held five meetings. Furthermore, IAU had produced reports that were submitted to the CHUIA in MoF.

1.2.5 Management Reporting, Accountability and Risk Management: Management of ICMM had designed a good internal control system and financial management. The internal reporting process functions according to the organizational structure. In this regard, management maintains regular meetings with all department heads that are accompanied by minutes and appropriate records in order to enable an effective and timely response to identified operational problems. ICMM has also prepared the risks register.

1.2.6 Progress in implementing recommendations - Our audit report on the AFS for 2017 of ICMM has resulted with six recommendations. ICMM had prepared an Action Plan showing how it will implement recommendations given by the National Audit Office. By the end of our 2018 audit, six recommendations were implemented.

1.2.7 Recommendations of 2018 – There are no recommendations in 2018

9. ANNEXES

The annexes are listed below that are attached to the ICMM's Annual Report for 2019

1. List of the active Exploration and Mining Licences
 2. List of the active Special Operation Permits
 3. Obligations in years
 4. List of the criminal charges
 5. List of administrative fines
 6. List of proposals for execution
-
- Manual for good administration of the mining and environmental activities is in the ICMM's webpage (www.kosovo-mining.org)

Annex 1. List of the active exploration and mining licences 2019

Active Exploration Licenses until 31.12.2019
